**Explanatory Notes**

(NB. - Explanatory Notes do not constitute a part of this Authorisation)

1. This licence does not permit any activity in breach of any other approval by any other authority. For example, this licence does not permit any activity on the Premises which is not authorised under the Development Act 1993. It is the responsibility of the Licensee to ensure that any action or activity referred to in this licence is permitted by, and is carried out in compliance with, statutory requirements.
2. This licence is subject to the Act.
3. **PUBLIC REGISTER INFORMATION.**  
The Environment Protection Authority maintains a Public Register that is available to the public. Information maintained includes issued Environmental Authorisations (Licences, Exemptions & Works Approvals), Emergency Authorisations and various submitted Applications. Should the conditions of an Environmental Authorisation require that the Holder submit a report or other information to the Authority, then that submitted information is made available on the Public Register subject to commercial confidentiality.  
Endorsed Public Register information may be available on the EPA website.
4. Conditions of this licence can be varied by the EPA in accordance with section 45 of the Act.
5. This licence can be suspended, cancelled or surrendered during the term of the licence in accordance with sections 55 and 56 of the Act.
6. The Licensee must report to the EPA (on EPA emergency phone number 1800 100 833) all incidents causing or threatening serious or material environmental harm, upon becoming aware of the incident, in accordance with section 83 of the Act.  
Note - In the event that the primary emergency phone number is out of order, phone the secondary number (08) 8204 2004.
7. The Licensee must be aware of, and comply with:
  1. the requirements of the Environment Protection Policies which operate pursuant to the Act; and
  2. the requirements of any National Environment Protection Measure which operates as an Environment Protection Policy under the Act.NB: These requirements govern permissible procedures and protocols, emission or concentration levels, as well as operation and/or maintenance standards of plant and equipment.
8. The EPA undertakes to provide written advice within 14 days of receipt of all information required for assessment.
9. This licence applies only to the Premises.  
Application for a new licence will be necessary should the Licensee move to new Premises.

**CONDITIONS OF LICENCE**

The Licensee is authorised to conduct the prescribed activities as described in this licence on the Premises nominated, subject to the following conditions:

**Compliance Date**
